We are a community of Christians bound together by Scripture and ancient and modern stories that connect us to Jesus and his teachings. We are discovering God’s Way of Love and God’s daily call to us through our life together. We live out our Christian beliefs and faith tradition through

- † regular sacramental worship and spiritual programs
- † reaching out to serve with the community
- † sharing our Christian story with others
- † seeking God’s love together in study and prayer
- † giving from our means and talents to support God’s work

Worship style varies in form and style: traditional Anglo-Catholic to contemporary praise & worship, from an “imminent” to a “transcendent” experience of God’s presence.

The diocese and its congregations through its members support outreach ministries including feeding programs, health ministries, youth ministries and other outreach opportunities.
